TAIWAN SOUTH TO NORTH (WITH FLIGHT) - £2,950

2nd November 2020 - 17th November 2020 (16 days)
The island of Taiwan offers the opportunity to ride stunning and challenging routes in one of the most beautiful corners of the world. With its mountain ranges, rolling paddy fields, ocean roads, ultra-modern cycle lanes and world-famous cuisine, Taiwan provides the perfect blend of safety, comfort and adventure to make it an ideal location to explore by bike.

There is also a unique opportunity to ride the route of one of the toughest yet most stunning climbs in the world, known as the Taiwan KOM Challenge. Starting alongside the Pacific Ocean, the route winds its way up through the majestic Taroko Gorge, with towering marble cliffs above and roaring rapids below, to the summit of Mount Wuling (3,275m), Taiwan's highest passable mountain road.

Taiwan is a food lovers paradise from seafood to street food with twenty streets alone in Taipei, Taiwan's capital, dedicated to food. Whilst in Taipei take the elevator to the top of Taipei 101, the 509m tall tower and formerly the world's tallest building. Full vehicle support.

Holiday Itinerary

Monday 2nd November
Fly from Birmingham to Dubai on Emirates flight EK040 departing 1330, arriving 0035 next day.

Tuesday 3rd November
Continue to Taipei on Emirates flight EK366 departing 0340, arriving 1535, followed by a 45 minute minibus transfer to our hotel in Taipei. Stay 2 nights. Meals: D

Wednesday 4th November
After assembling our bikes we can test them out by riding out of Taipei along the dedicated river cycle path to the foot of Maokong mountain. 40km (250m total ascent). Meals: B

Thursday 5th November
Today the bikes and luggage are transported by minibus. We take the 300kmph Taiwan High Speed Train to Kaohsiung (1½ hour journey), followed by a
minibus transfer (1½ hour journey) to Kenting National Park and our accommodation. On arrival there may be time for a short bike ride. Stay 1 night.
Meals: B D

Friday 6th November
We journey north and spend most of the day riding through the pristine national park. We ride through jungle covered mountains and past golden beaches and, after the biggest climb of the day, descend to the coast at Donghe. After lunch we continue along the coast road to our accommodation in Taimali. Those seeking an easier option can take a minibus transfer for this last stretch. 131km or 90km (2,157m or 1,529m total ascent). Stay 1 night.
Meals: B D

Saturday 7th November
We continue north along the coast through Taitung County, flanked on either side by gorgeous tropical beaches and jungle covered mountains. We stop to look at Taiwan’s uphill river and, after a quick refuel at the famous Donghe Bun Shop, we continue to our accommodation in Chenggong. 80km (630m total ascent). Stay 1 night. Meals: B D

Sunday 8th November
Our day starts with a visit to the nearby Sanxiantai Bridge. This footbridge is a phenomenal piece of architecture designed to resemble a dragon, and connects the mainland to the Island of the Three Immortals. We continue north, passing the Baxian Sea Caves, and crossing the Tropic of Cancer before ending our day with a sharp 200m climb over the Haian Range into the rift valley and our accommodation in Ruisui. We spend the evening enjoying the traditional Japanese hot springs. 70km (960m total ascent). Stay 1 night. Meals: B D

Monday 9th November
Yesterday’s ocean views change as we ride through the rift valley. Largely untouched by Taiwan’s development boom, small farming communities continue in much the same way as they have for centuries. We head north along one of Taiwan’s most loved cycling routes, winding between the paddy fields and the foothills to the east, and on to our accommodation in Hualien. 74km (1,200m total ascent). Stay 2 nights. Meals: B D

Tuesday 10th November
Rest Day to explore Hualien City and the surrounding area. Or, for those wishing to ride, we’ll take a 49km, mostly flat route, to Liyu Lake (popular for Taiwanese canoe racing) and the East Coast National Scenic Area (where you can witness spectacular views of Hualien City and the mighty Pacific Ocean). In the evening we’ll make a group visit to Hualien’s huge night market to sample Taiwan’s delicious street food such as oyster omelettes, bao and its famous fried chicken. Meals: B

Wednesday 11th November
Today, after an early start, we ride the Taiwan KOM Challenge. The first 20km is flat before we start the 87km of climbing, winding up through the Toroko Gorge. We’ll pass over stunning bridges, through tunnels and on some spectacular stretches of tarmac as we climb. There will be frequent refuelling stops and always the opportunity to jump into the minibus. After reaching the summit of the Wuling Pass, those not wishing to ride the 40km downhill can take a minibus transfer to our accommodation in Lishan. 108km (4,245m total ascent). Stay 1 night. Meals: B D

Thursday 12th November
After yesterday’s big climb, today we have two small climbs and descend over 3,500m. We pass through Yilan county which is home to the Kavalan Whisky distillery and the Jiaoxi hot springs, which are close to our accommodation in Jiaoxi. 120km (1,600m total ascent and 3,556m total descent). Stay 1 night. Meals: B D

Friday 13th November
After a couple of big days in the mountains we head back to the coast. Our first stop will be at Juifen, an old Japanese gold mining town where we can explore the bustling market street before descending a little further to the Golden Waterfall. Then a short 15km ride along the coast to our overnight in Keelung, a thriving port city famous above all for its fabulous night-time street food. 101km (1,376m total ascent). Stay 1 night. Meals: B D

Saturday 14th November
On our final cycling day we leave the coast behind at Keelung and climb inland towards Taipei. Our first stop will be at Shifen where local tourists release fire lanterns for prosperity. We will also visit Shifen Falls, the biggest waterfall on the island. We then ride along the valley before making our final climb and descent back to the Taipei river cycle path. 75km (1,274m total ascent). Stay 2 nights. Meals: B D

Sunday 15th November
Rest day. After packing our bikes we have the day to explore Taipei and take in the sights. These include the Chiang Kai-Shek memorial, Taipei 101 or hike up Elephant Mountain to watch the sunset. Meals: B

Monday 16th November
We have the morning free before taking a 45 minute minibus transfer to Taoyuan airport for Emirates flight EK367 to Dubai departing 2345, arriving 0540 next day. Meals: B

Tuesday 17th November
Continue to Birmingham on Emirates flight EK039 departing 0725, arriving 1125.
Meals: B = Breakfast  D = Dinner

**Additional Information**

Area Covered By The Holiday
This tour goes from south to north and touches all four regions of the island. Taiwan is located between the southeastern coast of the Asian continent and the East Asian islands distributed among the western Pacific Rim. To the north is Japan, to the south are the Philippine Islands and to the west is Mainland China. Taiwan is 395km long and 144km wide with a total land area of around 36,000 square kilometres. Taiwan has steep mountain ranges that mostly run from north to south. The highest point is Yushan Peak at 3,952m, making it the highest peak in northeast Asia. Since mountain areas cover the majority of the island, Taiwan's ecological resources are abundant.

Kenting National Park covers 181 square kilometres of land, 152 square kilometres of sea and is divided into two parts by the long and narrow Hengchun Longitudinal Valley Plain that extends from north to south. With coral sea cliffs teemed with fringing reefs along the west coast, the park features a large number of mountains in the north, and coral tablelands and foothills in the south. The plain formed by fault valleys has the vast Lake of Longluan, together with rising coral tablelands and limestone caves to the east. The east side of the coral tablelands features unique sand rivers and sand waterfalls formed by the combined effects of winds and rivers, as well as coral cliffs, sunken caves and stalactites.

The park has a rich biodiversity of fauna and flora including 15 species of mammals, 310 species of birds, 59 species of reptiles and amphibians, 21 species of freshwater fish, 216 species of butterflies and various insects.

Sanxiantai is an popular tourist attraction for its rocky coastal views and 10km long beach and several islands located on the coast of Chenggong...
Township. The area is well known for its long footbridge in the shape of a sea dragon that connects the coast to the largest island.

**Rides & Rest Days**

This tour is classified as challenging and suitable for experienced touring cyclists capable of riding over 100km on some days. Roads are sealed and generally in good condition, but there are some rough stretches. On several days there are demanding climbs, especially the Takora Gorge, but the minibus will carry all luggage and provide assistance to tired riders if requested. There will be a rest day in Hualien (with optional cycling).

**Accommodation & Meals**

Breakfast and dinner will be taken at the accommodation but, on some evenings, dinner may be taken at a nearby restaurant, indoor market or street market. On cycling days the minibus will carry a limited supply of snacks and water. Lunches and snacks can also be bought from local stores or roadside vendors.

**Travel**

Emirates current free checked-in baggage allowance is a maximum weight of 25kgs. You can check in as many bags as you like as long as the total weight does not exceed the maximum weight of 25kg. The total dimensions (length + width + height) of an individual bag (or you boxed bike) should not exceed 300cm (118 inches), bags or bike box exceeding this limit will not be accepted as check-in luggage. Your bike must be properly boxed or bagged, handlebars turned, pedals removed and tyres deflated.

Emirates customers are also permitted one (1) piece of carry-on baggage that should not exceed 55cm x 38cm x 20cm (22 x 15 x 8 inches) and must weigh no more than 7kg (15 lb).

**Group Information**

The maximum number of participants will be 18 excluding the Tour Manager(s).

**Weather & Clothing**

The north of Taiwan is in a sub-tropical climate zone, while the south is in a tropical climate zone. November is their autumn with average low and high temperatures of 18°C (64°F) and 26°C (80°F). It is one of the best times of the year to visit Taiwan, with mostly sunny and pleasant weather and little rain. Sun protection as always is highly recommended. A range of clothing will be required as it should be warm at lower levels but possibly much cooler in the mountains with the chance of rain.

**Cycles & Equipment**

A road, touring or hybrid bike is suitable for this tour. You should ensure your cycle is well maintained, paying particular attention to wheels, tyres and brakes. A low bottom gear (e.g. small chainring the same size or smaller than the largest cog on your rear wheel) is recommended. If you are unsure about gears, please discuss with the Tour Managers. Mudguards are optional but show courtesy to those who are following you in wet weather. Lights are a requirement for riding at night and in low viability weather. New tyres are recommended of at least 28mm diameter. Participants will be expected to carry each day sufficient spares and tools to deal with punctures and minor repairs. Wearing a cycle helmet is not mandatory but is recommended.

**Maps & Guides**

GPX files, outline route maps and cue sheets will be supplied electronically with the final tour details approximately 6 weeks prior to the start of the tour. A digital map of Taiwan for Garmin bike GPS's can also be supplied. Please contact the Tour Managers for more details or to request a digital map.

**Travel Insurance & Advice**

Before booking you should check the latest travel advice from the Foreign & Commonwealth Office including security and local laws, plus passport and visa information, at [www.gov.uk/foreign-travel-advice](http://www.gov.uk/foreign-travel-advice) or on 0845 850 2829.

Your travel insurance must cover you for this type of cycling holiday and also cover you for riding at the tours maximum altitude of 3,275m.
